# Radiology: A Career in Focus

**21<sup>st</sup> November 2014**

**Weston House, Great Ormond Street Hospital Complex, London**

Radiology- A Career in Focus study day assists trainees who are hoping to apply to the Radiology ST1 training, or even considering it. The course discusses training programmes and pathways in UK and Ireland, expectations of an 'ideal candidate', and assists one in making an informed career decision. CV gaps are also covered (well in time) to enhance chances of success at the ST interviews. There is also an open panel discussion with trainees from various parts of the country to discuss training schemes and subspecialty choices.
